Academic Technology Partnership

Date: January 23, 2014

Time: 1:00 PM

Present:

Agenda:
- Collaborate issues
  - List of cameras that were not working?
  - Blackboard Collaborate was purchased as an optional tool for video conferencing
    - Can be used for closed captioning if needed
  - Installed in most classrooms
  - Separate from the Echo system
  - Captioning needs to be coordinating with CDHP
    - Can we merge transcription in with the lecture recording?
    - Working with Brenda Premo on this
  - Will check if they have been installed in Lebanon
  - Works identical to Illuminate
  - Limited license (500)
- Articulate presentation- Tim, Jerry and Cherishea
  - Attended Articulate training in December
  - Captivate is the similar Adobe product, but more intricate
  - Based on Power Point
  - Articulate Studio ’13
    - HTML 5 compliant
    - Can be auto pushed to mobile devices
  - Articulate Presenter is the base product
  - Articulate Engage
    - The student will have to go through each slide in order to advance through the lecture
  - Articulate Quizmaker
    - Embeds directly into the slides
    - Could import it into Blackboard
  - Scripts are encouraged
  - Flash items can be added and will be converted into HTML 5 later on
  - May need advanced Power Point instructional designer
  - Will export the grades from the embedded quiz directly into Blackboard
  - Cost: $700 with the discount
    - Possibly install in the media recording room
- Blackboard Collaborate
  - Poll Everywhere vs. Turning Point
    - (include comparison from Cherishea)
- Next Month Agenda
  - Further Collaborate discussion
  - Exam Soft Licensing
  - How do you communicate what we discuss with your curriculum planners

Meeting Adjourned: 2:07 PM

Minutes Prepared by Gabriel Martinez
